

PAIR OF IRON & BRASS DRINK TABLES WITH POLISHED MARBLE TOPS

TAB-010

A favorite pair of hand-forged iron and brass marble drink tables, in the manner of Maison Jansen. Topped with polished Rojo Alicante marble, sourced from the Alicante province of eastern Spain. This red marble has rich earthy terracotta and peach hues with soft white French-grey veining. They blend in beautifully with Spanish interiors, especially those with terracotta or Saltillo tile floors, which can be tricky to work with. Sturdy black iron bases provide a masculine contrast to the warm marble, brass accents add casual refinement and Parisian charm. Despite marble chips/indents (see pics) these imperfections do not detract from the aesthetic or structural integrity. Instead, they possess a sense of antiquity and character. Their Parisian charm pulls you in, the more you look, the more there is to love and appreciate. As a Curator and Interior Designer, these are the timeless qualities I seek – knowing it will transcend time, always in style, never trendy.
