

FRAMED STILL LIFE OF A CHICKEN FARM

ART-032

A beautiful chunky gold framed still life oil painting of a chicken farm nestled alongside a waterfront. It's a charming and old world, the buildings across the pond look like they could be a larger part of the farm. The different breeds of wild birds and ducks look harmonious together, with a peacock perched high above the rest. The dark moody palette is soft and grounding. It's a great piece for your kitchen, dining room, or any room in need of traditional art. Please see our other oil painting listing "Framed Still Life". It was acquired from the same estate, having the same frame. They make a beautiful set!
