

MID-CENTURY STYLE BAMBOO & WOVEN RATTAN SIDE TABLE

TAB-022

Mid-Century style bamboo and woven rattan side table! This table was refinished exclusively for THE TASTEMAKER SHOPPE. A black matte-paint and wax-finish was applied to the base creating a rich contrast enhancing its round silhouette and geometric design. The palette is chic and unexpected with a modern twist. Architecturally interesting from every angle, perfect for layering different period pieces with modern furnishings. Its allure pulls you in, the more you look, the more there is to love and appreciate. As a Curator and Interior Designer, these are the timeless qualities I seek – knowing it will transcend time, always in style, never trendy. A treasured find for interior designers and enthusiasts of unique and one-of-a-kind pieces.
