

PAIR OF TALL MARBLE COLUMN PEDESTALS

PED-004

A pair of tall classic marble pedestal stands. They look like a blend of polished marble and limestone, warm black with greige undertones and peachy-terracotta and burgundy hues. Not too warm or cool, they have the ability to blend in with a wide range palettes. Very versatile clean-line classical silhouettes. A great size being not too tall or small, the dark palette adds to their visual weight (32"H x 9"D). There's a tiny chip (see pics) on the platform base, it's hardly noticeable and does not affect the sturdy heavy structure. It lends a sense of authenticity as characteristic of their age. As a Curator and Interior Designer, these are the timeless qualities I seek – knowing it will transcend time, always in style, never trendy. A treasured find for collectors and interior design enthusiasts!
