

## PAIR OF NEOCLASSICAL STYLE LEATHER WRAPPED CHEST OF DRAWERS

CAS-004

A pair of leather-wrapped statement chests with sculptured Neoclassical-Empire style busts. These chests were customized exclusively for THE TASTEMAKER SHOPPE. A chalky-white paint and wax-finish was applied to drawer fronts. They feel fresh and more modern, having a crisp contrast against leather frames. A lime-wax finish creates tonal depth with a soft subtle movement, similar to the leather's natural movement/characteristics. The patinated leather frame has original toled and embossed gold pattern framing the outer edges of the top, sides and posts. A contrasting subdued black wax-finish was applied to what was originally all brass busts and sandaled feet - bringing their features to life!

Made by Kreiss, American luxury furniture brand and design firm legendary for pioneering and defining the "California look" aka the "Kreiss look." The style is comfortable casual elegance with a timeless resort-like feel. As a Curator and Interior Designer, these are the timeless design qualities I seek - knowing it will transcend time, always in style, never trendy. A treasured find for collectors and enthusiasts of unique and one-of-a-kind pieces.
