

## COCKTAIL TABLE WITH GEOMETRIC MARBLE MOSAIC INLAY TOP

TAB-012

A fabulous cocktail table with patterned marble top, a geometric mosaic of green, gray, white, and gold tones. The interplay of colors and shapes creates a bold, high-style surface that feels both artistic and refined. The base is made of hand-forged metal legs with a soft patina, a rustic contrast to the polished marble. The top has a discrete marble chip/indent (see photo) it's hardly if not noticeable. It has great European style and sensibility! As a Curator and Interior Designer, these are the timeless qualities I seek – knowing it will transcend time, always in style, never trendy. A treasured find for collectors and interior design enthusiasts!
