

PARISIAN MAISON JANSEN STYLE METAL & BRASS SIDE TABLE WITH BLACK MARBLE TOP

TAB-024

A glamorous vintage Parisian Maison Jansen style side table with polished gray-black and white veined marble top. This piece embodies a refined sophistication and neoclassical influence synonymous with the iconic French design house. The marble top rests on a sleek antiqued-toned steel base with aged-brass ram's head mounts. Three gracefully curved legs are joined by a circular stretcher with ornate brass hoof feet, a hallmark of the Maison Jansen aesthetic. Its chic Parisian allure and refinement make it a timeless addition to any interior—from traditional to modern minimalism. As a Curator and Interior Designer, these are the classic, timeless qualities I seek – knowing it will transcend time, always in style, never trendy.
